As the first post-9/11 combat veteran to run for office in NYC history, it's easy to get caught up in the day-to-day of campaigning, but as we approach the New Year, I've been able to reflect on what else this previous one has brought into my life: I continued this incredible journey, married my wife Leigh, & had the privilege of serving our country in the National Guard. I hope that the coming days allow us all to reflect on those who bring sweetness to our lives, to make amends with those we love, & enter the New Year in purity and joy"
