Fought to make sure small businesses can reopen safely and passed \$40 million in pandemic response funding for workers during COVID-19.

Created I-STOP to help law enforcement crack down on opioid abuse and secured funding for NYPD anti-drug programs in our schools.

Voted against, and was instrumental in fighting to fix the enacted bail reform laws that put our community's safety at risk.

MAX ROSE

When COVID-19 hit New York, Max deployed with the National Guard to build a COVID-19 hospital on Staten Island in less than six days.
